

Dear Collector,

The progress that currency collectors have made in the recent short time is amazing. Still much is left to be desired.

Facts regarding amounts printed, issues destroyed, availability, are just a few of the questions that remain unsolved. Since hardly any research has been attempted, a great deal of speculation is offered on the three important factors to dealers and collectors. Availability, demand and rarity.

If you have a Don ¹⁰⁰210-1 or Friedberg 1700 (5th edition) would you kindly reply as to the following;

1. Serial number *A 00026927A*
2. Face plate No. *E E1*
3. Reverse Plate No. *25V*
4. Condition of the note, if you so desire to reveal this (why not?). *v.f.*

This is of course the very rare 1933 ten dollar silver certificate.

I had been working on another research project concerning the scarce \$1.00 1938-C, D&E notes. Check page 70 Volume 4 summer 1965 No. 3 of the S.P.M.C. publication. Any knowledge of owners of any of these notes would be appreciated. Lets go forward not backward.

Respectfully,
Richard Hood

Dear Mr.Hood:

My 1934 \$10 Silver Certificate has serial No.A00026927A,
face plate E1, reverse plate 252; condition very fine.

My \$1 Silver Certificates show the following:

1928 C - B29449165B; face A1, back 2681

1928 D - D82598651B; face E1, back 2548

1928 E - I32925632B; face L1, back 2797.

I hope this will be helpful.

Dear Mr. Newsum,

I have constantly changed my list of known 1933 Tan S.E. and have postponed contacting you again. In your recent letter to me of March 21, 1967, your listings of the complete information was most appreciated. I did however receive the information on the most important note of my survey, and you listed it as being in another series!

Your information read as follows: My 1934 410 Silver Certificate had Serial No. A00025027A, face plate 21, reverse plate 292; condition V.R. Would please verify if this is a 1933 as the range of numbers prove it could be either. I have enclosed a return envelope. I would appreciate knowledge of any existing 1933 that you might across.

The facts behind this note should be placed in an article. I had thought of this not a number of years ago Mr. John S. Tainter, of Javerly, Fitchburg, Mass 01420 had located some undiscovered facts on this note. I felt it should be this gentleman who would write the article. Much time has elapsed and I can only hope he has started/will start/ might start! In any event, what other standard size notes were destroyed without ever being issued to banks?

I have the utmost respect for Mr. Tainter so all I've learned concerning the 1933 I'm holding for him.

Spades does not permit here my respect for your outstanding research on Colonial & Continental Currency. It stands on record as being the most outstanding bit of research between two lovers.

I'm sure you are a member of the PMCH, but in case you're not I'd be more than pleased to sponsor you.

Very Respectfully,
Richard L. Hood

Mr. Richard L. Hood

Dear Mr. Hood:

You are right. My \$10.00 silver certificate is 1933.

Thank you for your very kind remarks about EARLY PAPER MONEY OF AMERICA. In spite of all the hard work, there are loads of additions and corrections which I hope to work into the second edition.

Don't hesitate writing up the 1933 item, yourself, rather than wait for Mr. Tainter. Do him the courtesy of asking whether he plans to write it up and he might turn all of his material over to you.

Kindest regards.

Sincerely yours,

Mr Newman,

A few more notes have come to light so as to say and I revise these lists from time to time. Only owner receive these and this way the owner may contact one another if they so desire to establish a logical honest value if they intend to sell, buy or trade. I don't intend to become involved in the latter. It is obvious the note is scarce and it was never really issued. The note is scarce and it was never really issued. Sincerely,
Duke Hood

The P.M.C.M. is an Informal group of Paper Money collectors, organized for the purpose of sharing their thoughts, ideas and knowledge with other collectors of the same type of material. Through the medium of our newsletter, members are able to express their thoughts to the others. Free advertising from the members is accepted for each issue. (Limit to six lines.)

We also provide a means of meeting with other collectors who share our interests. Meetings are held twice a year in conjunction with major conventions in Michigan.

Membership in our organization entitles the members to receive copies of "The Rag Picker"--our official publication, published on an informal basis. With this medium, we strive to convey the thoughts of the membership, as well as publish articles written by the

membership, on the subject of paper money. "The Rag Picker" is issued a minimum of four times per year, and are approximately fifty pages in length.

Although we are known as the Paper Money Collectors of Michigan, all collectors of paper money, or those interested in learning more about the subject are welcome to join our membership, regardless of their residence.

The P.M.C.M. has been organized on a non-profit basis--Annual dues being set at \$3.00 per year to cover the cost of postage and other expenses. 1st Class Mail is used.

Applications for membership are accepted on a calendar year basis, and receive all of the issues for the year that they join.

Your membership would be welcomed!
